

Reliant Labels and Printing Inc. was founded in March of 1997 and went into production in July of 1997. We started this company with a desire to give our customers the service that we felt is missing with many of our competitors. Reliant Labels has enjoyed a substantial growth in the last 15 years.

Currently we have 20 employees with a great number of years of experience. Our facilities consist of 10,000 sq. ft. of which 8,000 sq. ft. is set aside for production.
